

ADMINISTRATION

Consultants

The Board encourages the use of consultants as a means of providing the schools with invaluable specialized services not normally required on a continuing basis.

Sufficient funds will be made available to attract the most outstanding authorities in the various fields. However, the use of consultants from outside the school system who promote a particular commercial product is discouraged. When such consultants are used, it should be made clear to them that they are to perform as consultants and not as salesman.

Use of a consultant will be recommended to the Board by the Superintendent. The Board must give prior approval before hiring of the consultant is authorized.
